“

"... Naomi's content training helped us realise that we can actually recycle content, split content into shorter pieces, add a different spin to a piece of content to make it sound fresh and new..."

“Naomi came to our office and delivered an introduction to LinkedIn that both myself and my team found incredibly helpful. As well as a better understanding of the platform basics, she guided us through different posting formats and also what to think about when creating content. She was engaging and patient and a great communicator, and we gave her a round of applause at the end! A great introduction for my busy team and we look forward to having her back again soon.”

Getting a more robust social media presence is crucial for businesses and individuals. I had already met Naomi via some 1-2-1 communications coaching, so I knew she would deliver an engaging presentation for Worcester Source. The introduction to LinkedIn and how to get the most out of it was really interesting and helpful.

Booking a power hour with Esther opened up a whole new appreciation of LinkedIn and Esther showed me many features from my LinkedIn account that I wasn't previously aware of. It certainly was an hour well spent and I am enjoying ongoing success from having a more focused LinkedIn profile. I can recommend Esther's Power Hour whole heartedly.
